FRIBAY, NOVEMBER 91, 1980. Sample Idiooy.

The Commercial gives editorial promipence sod soderse brilliant completes at to the following The Tax on Everies W

The Tax on Mercey woman is included by the coal bereas the other day raised the price of asthracite coal. Bitemiseds coal is "presented" by a probibitory duty of Ti cents on the ten, and as it opened with asthracite the tariff thus gives the coal beroes a grasp on every coal fire in the occupry. Every parson for thus incoming warm is taxed in order to increase the million of the coal beroes' riches.

Of course this is intended an another in of the "lenguitous McKieley bill," and the writer was so eager to an cite the west of the shivering poor that to-day, and no one can wouth at the call he was not deserted even by his own lurid for his condidacy." The bee I ren do not toric that represents the "barone" with, down to be able to "get togett m." their hands comfortably full of coal fire.

This is a very fair mapple of what persons for discussion or "deliberation" about the tariff question in certain genetics, and It is as like as peas in a pod to the hundreds of similar absurdicise that hape been put forth to confuse and deceive the public in regard to the effects of the pro-

The fact is—as everybody who has given any lotalligent attention to the quesduty whatever on authorities outly which is used almost abtiraly for domestic purposes, and that there has been no moreces or change in the diely of letermannes coal in the presout law, known as the McKinley bill. The duty stands at seventy-five cents per ton, just as is steed in the old law, and exactly ne it was in the Mills bill that was 40 explicitly endorsed by the last Democratic National Convention The Demogration ignorables who permed the paragraph we have quoted had no idea that be will are raigning the great Roger Quaries Mills and the whole Democratic party as guitty of twy red every betson for Resping Marin on order to increase the million of the as much foightfenos as the average of the

partiage essultable of the McKinley bill The fact that the cost of bituminous coal has been reduced in the last fifteen cors from over \$6 00 to \$4 50 per ton, by the practical operation of a protective tarill that has increased our American production ten-fold, while employing vest numbers of our own people, does not seem worthy of note by the flippeds paregraphera of free trade papers, who find it entier to fill apole with toose phrases of highsounding but meaninglest describition

Page the Election Law.

Just new the probable action of the Scoate on the Election bill'is attracting much attention. The Democrats, of course, are anxious to have the measure abandoard and are using every possible argument to that end. The resson for this leastly understood Their only bope for success Fire, gard of the popular will to various States Life, where contornies are manufactured to still the purpose of the Bourboo strikers. How Idarine. this is done is told by the Newport (Ve.) representation to se article on the re Accident. cont ejections | It says #
